Dear students & parents,

11 years back, Matrix was started with a vision to provide such quality education to students in Sikar so that, nobody would ever need to move to places like Kota & Delhi for JEE coaching. We just wanted to create a system which people can trust so that students don't need to move to far off places in search of good education.

When we started Matrix in 2014, Kota was the preferred choice for JEE/NEET coaching among the aspirants of north Rajasthan and Haryana. Very few students used to stay back in Sikar for JEE coaching.

With Matrix, we had hoped to change the scenario and fulfil our promises made to each and every student. Success of Matrix JEE Academy for JEE coaching over the last 11 years is a remarkable example to highlight the below quote-

“When you have the right aptitude and work towards achieving your dream with utmost passion, dedication and sincerity; success is given.”

The Pre-foundation program was started in 2019 and has already become the de-facto No-1 pre-foundation and schooling program in Sikar with consistently highest results in NTSE, STSE, Junior Olympiads, NMTC and other competitive examinations.

With the start of NEET from 2022 session, we are putting unparalleled efforts in NEET division. We believe we already have one of the best possible faculty team for NEET, not only in Sikar but in entire Rajasthan. And, we are sure that we would give the kind of care to our students that is unheard of in Sikar.

At MATRIX, we have already made a mark of ourselves with the best possible results in everything we do. To cite some examples- Matrix has been able to successfully change the discourse of JEE coaching in Sikar. We have set new standards in terms of methodology of teaching and faculty

quality. Our stupendous growth in last 11 years is a testament to our quality and changing belief of students and teachers. For students in North Rajasthan, moving to bigger cities in search of better education has become a thing of the past. Hundreds of students from bigger cities like Jaipur, Delhi and Mumbai have started preferring Matrix for JEE coaching each year. Though we started with just 5 teachers in 2014, as of March 2025, we have 350+ IITians, NITians and graduates from other top universities as part of our full-time faculty team for JEE, NEET & Pre-foundation division. Our last year results, where 2056 students qualified for JEE main and 820 students qualified JEE advanced & 600+ students have taken admissions in various AIIMS, Govt. Medical College in 1st two years. are yet another proof of our excellence.

We are very proud of the fact that we have Matrix alumnus in all the top departments at top IITs (eg. Computer Science departments at IIT Bombay, IIT Delhi, IIT Kanpur, IIT Kharagpur) and AIIMS they are doing very well there.

We have very strong reasons to believe that quality of faculty and overall learning experience at Matrix are simply or AIIMS incomparable. And hence, if booking a seat at one of the top IITs is your wards' dream, then be assured that with us, they are in safe and able hands.

Through our results, hard work, honesty and transparency, we have earned the trust of students, parents and communities alike. But, despite all these achievements, we also understand that success is always relative.

Today we have bigger dreams in front of us. We promise to continuously work hard and better our own results every passing year and set even higher standards for the years to come.

Introduction to Founding Team at Matrix

Anil Gora

B.Tech, IIT Kharagpur
Exp. – 16 Years

"I will not stop before I see 1000+ students getting admissions in IITs from Sikar." – This is what AG Sir had to say when asked about his consistent motivation for hard work, dedication and sincerity.

Nothing less than an experienced Master of Mathematics, Mr. Anil Gora (AG Sir) is known and respected amongst the student as well as faculty fraternities for his Mathematical prowess. He regularly inspires students to overcome their mental blocks towards Mathematics and simplifies the subject to an extent that it often becomes the student's favourite subject.

Teaching is his passion and he has more than 15 years of experience training and teaching students for excelling at Mathematics in JEE Advanced. Over the years, more than 6000 of his students have secured admissions at top IITs and NITs. Before cofounding MATRIX in 2014, he was a senior Mathematics faculty at Kota for 5 years.

AG sir comes with remarkable academic background. He is a B.Tech from IIT Kharagpur. He has proved his brilliance through securing top-100 ranks at all India level multiple times. He has secured 99.9%tile twice at all India level in Common Admission Test (CAT).

At MATRIX, AG Sir ensures that each and every student has best-in class experience while learning Mathematics for JEE.

Introduction to Founding Team at Matrix

Narendra Kok

B.Tech, IIT Kharagpur
Exp. – 15 years

Narendra Kok (NK Sir) has over 15 years of teaching experience exclusively for JEE Main and Advanced. With a strong passion towards teaching in his heart, he started his career right after graduation in Kota and later moved to Sikar and cofounded MATRIX in 2014.

Over the course of last 15 years, he has developed a deep expertise in Chemistry from IIT-JEE point of view. Most students know him as a teacher who actively discourages rote learning and focuses on fundamental understanding of basic concepts. As a result, he is extremely popular among students who want to develop a solid understanding of subject rather than just aiming to pass the exams by rote learning/short-tricks. During last four years, NK Sir has stood as a pillar of Chemistry not only in MATRIX but in the larger educational hub Sikar, and has helped 1000s of students improve and hone their skills in Chemistry.

NK Sir has made it a mission to ensure that MATRIX students have best possible experience while learning Chemistry.

Introduction to Founding Team at Matrix

Rajendra Burdak

B.Tech, SIST Chennai
Exp. – 16 years

One of the cofounders at MATRIX, Rajendra Burdak has over 16 years of teaching experience for IIT-JEE. Rajendra is one of the most senior faculties at MATRIX across all subjects and is greatly respected for his maturity by teachers and students alike.

Before co-founding MATRIX he taught Mathematics for IIT-JEE & AIEEE at some of the well-known institutes in the country. He is very warmly received among students due to his simple approach to complex problems. He has made it a mission to ensure that no deserving student is left behind because of lack of right guidance & education.

Introduction to Founding Team at Matrix

Anupam Agrawal

B.Tech, IIT Kanpur
Exp. – 15 years

A B.Tech in Mechanical Engineering from IIT Kanpur, Anupam Agrawal (AA Sir) is a force to reckon with in IIT JEE Physics. After graduating from IIT Kanpur, he briefly worked as a data scientist with Mu Sigma in Data Analytics field in Bangalore. But soon realised that his real passion lies in teaching. AA Sir taught extensively at Kota for IIT JEE before coming to Sikar permanently when MATRIX was started in 2014.

AA Sir has been guiding students to excel in IIT JEE Physics in Sikar during last 10 years and has already left an indelible mark in the larger Physics community in Sikar. He has been widely regarded by students as an exceptional teacher with a very strong focus on concept building approach for excellence in JEE Physics.

At MATRIX, AA Sir is spearheading the efforts to impart quality Physics education to each student.

Introduction to Founding Team at Matrix

Kapil Singh Dhaka

B.Tech, IIT Kharagpur
MBA, IIM Ahmedabad
Exp. – 14 years

One of the best mentors to help students realize their potential in competitive exams.

Kapil Singh Dhaka (KSD Sir) joined MATRIX as a full-time member to help our students in their journey for top ranks in JEE in 2017. Before joining MATRIX, he has worked with top-tier strategy consulting firms such as BCG and Mastercard for more than 5 years across more than 10 countries.

KSD Sir, himself was a remarkable student at some point of time. Below is a list of some of his key achievements:

- IIT JEE 2004 – AIR 19 (Gen. Category)
- AIEEE 2004 – AIR 48 (Gen. Category)
- CAT 2009 – 99.96%tile (Overall)
- IIM Ahmedabad – Rank - 1 in MBA core curriculum programme
- CFA charter holder, CFA institute, USA

He is a passionate mentor with extensive experience of helping students reach IITs, Olympiads, NEET with top ranks along with stellar performance in board exams. We hope that entire MATRIX community would benefit from his academic expertise with a global outlook.

About IITs & JEE

A brief introduction of IITs and JEE and why they matter ?

About IITs

The Indian Institutes of Technology (IITs) are institutions of national importance. These institutes play a leading role in technological manpower development and have excellent research programmes. All these institutions are known for providing quality education in science and technology and for research in frontier areas.

Today, alumni of these institutions occupy key positions in industry and academia in India and abroad.

Over last 60 years, IITs have made the country proud by producing thousands of successful alumni who have received accolades from all walks of life. Many IITians have gone to become the CEOs of large multinational companies. Many other have contributed immensely to mankind by doing ground-breaking research.

Admission into IITs opens the door of myriad career and personal opportunities. For long, IITs have been the quintessential ladder for class transition for lower & middle class Indians for a more prosperous and fulfilling life.

The IITs have an excellent track record of placements. Some of the world's largest corporations and most of the Fortune 500 companies hire IITians for various positions. IITians are favoured among many other equally qualified engineers because they have pre-assigned credibility. They prefer to hook the tag of IITs, as more than half of the country's chief executives or strategic business leaders are the products of premier technology institutes of India, IITs really do open the gate for thousands of opportunities.

About JEE

JEE is an entrance examination for admission into undergraduate degree programs at IITs. It is held in two phases; JEE Main and JEE Advanced.

It has an approximate admission ratio of 14,000:1450,000 thus making it one of the toughest engineering exams in the world. Each year roughly only 0.9 out of every 100 applications make it to IITs. In fact many students who do not get through IIT either try again or get admission in top global universities such as MIT, Harvard, Princeton and Caltech.

Typically the JEE Advanced exam is divided in two question papers of 3 hours each. Both sections measure the skills of the candidate in Physics, Chemistry and Mathematics as well the comprehensive, reasoning and analytical abilities. However, the pattern of exam can change year on year

Is JEE for you?

A simple test to know if JEE is the right step for you/your ward

Is JEE for you?

Ask yourself these three questions-

- ➔ Do you have the analytical abilities to perform well under pressure?
- ➔ Do you have the ability to work hard with commitment and sincerity?
- ➔ Are you ready for working diligently for a few years with a single objective in mind?

If the answers to the above three question are strongly affirmative, then in our opinion you have all that is needed to crack JEE.

Best strategy to crack JEE

Right attitude

The first step in your preparation and journey towards one of the IITs is the belief that you have it in you to realise this dream. you will not reach far if you think JEE is too tough for you and it's only the super-smarts who can crack the JEE and get into IITs.

Right mentors

There are many coaching institutes across the country who claim to be expert in JEE coaching. In such an environment, it becomes extremely important for the parents and students to identify the right mentors who can train their wards to face the exam with right mindset, attitude and confidence.

Right approach

In our experience, a very crucial issue facing JEE aspirants is the issue of exam approach, and very specifically time management. To crack an exam like JEE, it's crucial to give due importance to all the three subjects. It is also important to strike the right balance between solving new problems and revising what you have studied earlier in the year.

"The coward dies a thousand deaths, the brave but once." -Ernest Hemingway

JEE Advanced 2024 Results Highlights

अबकी बार 800 पर...

JEE Advanced में हर बार की तरह इस बार भी MATRIX का विराट प्रदर्शन... 820+ students qualified (Highest in Sikar, First Time in Sikar!)... पिछले वर्ष की JOSAA Counselling ranks के आधार पर 600+ Matrix students का IITs में व 900+ का NITs/IIITs में प्रवेश संभव!!! सभी Results केवल Yearlong Classroom Program से... ना Test Series, ना Online Programs, ना Distance Learning Programs... इसी लिए तो... "Exam कोई भी हो Best तो MATRIX ही है!"

Why MATRIX?

Best Faculty Teams

01

350+ experienced members from IITs, NITs and other centers of excellence

02

Only institutes with faculty members who themselves have secured all India rank under 100 and all India rank under 20 in GEN Category in JEE & other all India level exams such as CAT multiple times

03

Experience of sending thousands of students to top IITs and NITs over last eleven years

"Together we will make a difference"

Why Matrix?

Outstanding Faculty Team

Four key reasons why Matrix faculty is best in the country

01

UNMATCHED FACULTY QUALITY

Matrix had always been proud of its outstanding Faculty team. Starting with just 5 faculties in 2014, today Matrix has a formidable faculty team with 350+ members from IITs, NITs and other centers of excellence. All our senior faculty members have deep expertise in their respective subjects and have earned the trusts of thousands of students for their exemplary teaching skills. Though we believe that qualification is not a necessary and sufficient criteria for good teachers, we believe a healthy mix of faculties from a variety of top institutes is optimally efficient for our students.

02

TOP NOTCH EXPERIENCE OF THE ENTIRE FACULTY TEAM

All our key faculty members have been teaching exclusively for IIT JEE/ JEE Advanced /NEET for last 10-11 years at least. Moreover, our faculty members have experience at some of the biggest institutions in the country. Their experience helps us in identifying the best practices at each of these places and use them in Matrix methodology selectively. This helps us in conceptualizing the best approach for our students.

03

APPLICATION BASED TEACHING WITH RIGHT TEACHING AIDS

We have introduced various digital aids to help our students learn even more effectively in the classrooms. Matrix faculty team uses state of the art tools such as 3D models, digital simulations, video lectures, video solutions etc. to ensure that students' learnings are maximized in an optimal manner.

04

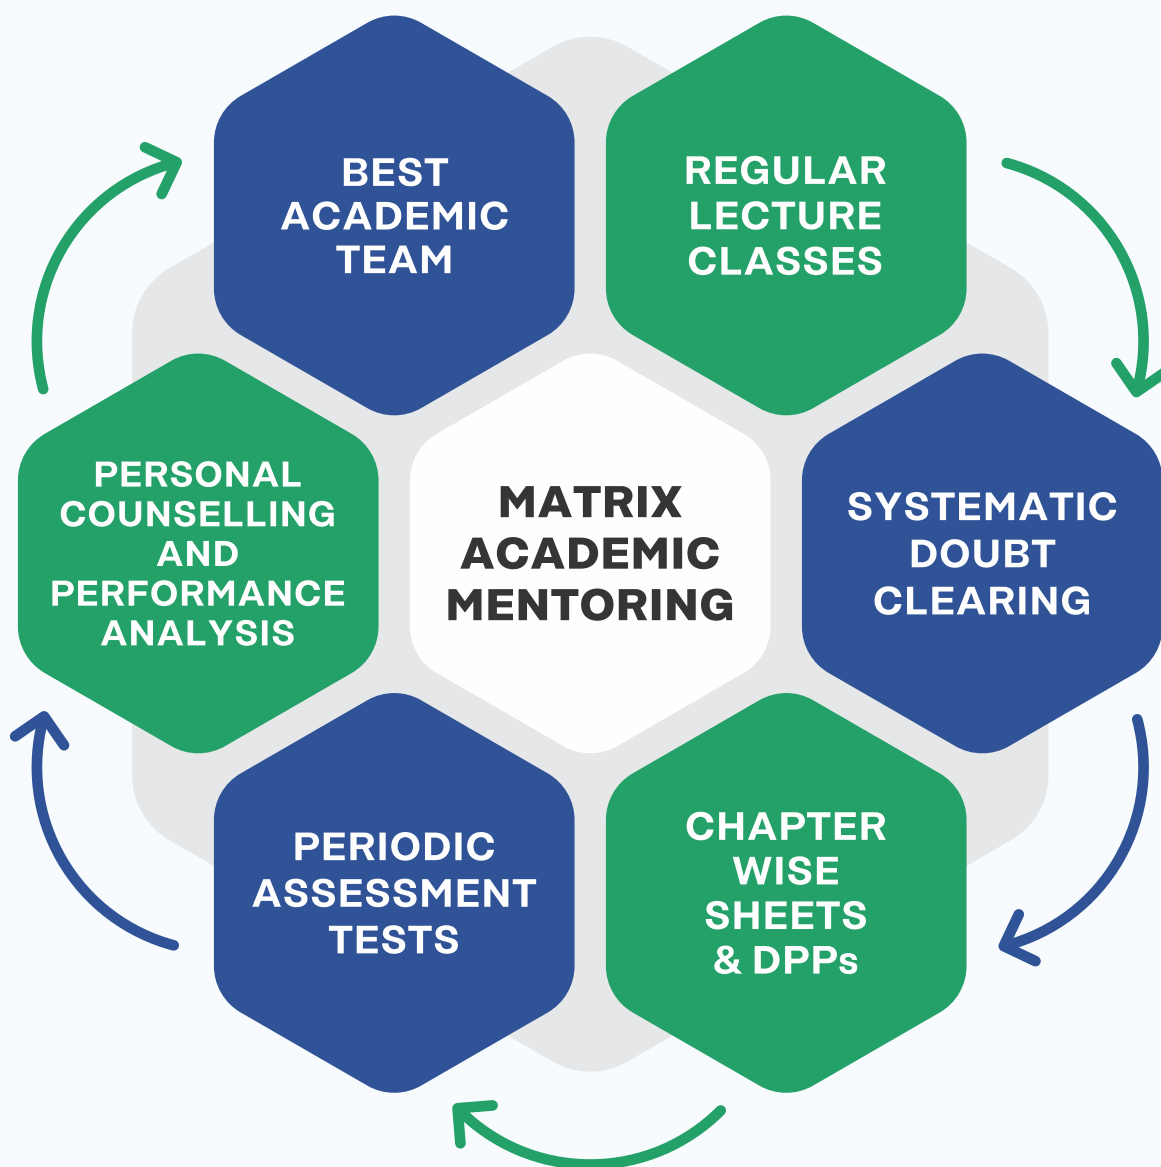

STRONG FACULTY DEVELOPMENT PROGRAM

True to our heritage, most of our junior faculty members too are from top notch institutions such as IITs & NITs. We ensure that these young minds go through a rigorous training program (complete syllabus completion, tests, demonstrations etc.) before they are given any kind of academic responsibility. It is not uncommon for Matrix junior faculty to attend classes of senior faculty members before they themselves start teaching students. This exercise helps them observe how students learn and what are the most effective ways to remove their doubts

Why Matrix?

Best-in-class academic mentoring system

Matrix's best-in-class student mentoring system for academic excellence

Integration of Coaching System with School Education

Much has been said about school education and the role of coaching. Many, in the recent past, have argued that school education should not depend upon coaching because schools are themselves responsible for the performance of the students. While it is true to some extent, the fact remains that the modern day sees healthy competition and is bound to take a toll on the students' performance. The top most institutions, including the government sector, offer placements or educational seats, only after many tests and interviews that judge a student from many perspectives. This is something that schools cannot take up on themselves as they cater to the overall improvements of the student and this involves even extra-curricular activities. Coaching helps students to give attention to specific subjects and topics that give them an edge. Hence it is very apt to say that the coaching system being integrated into the school is a welcome move and requires it to be pushed ahead for it is in the favour of students.

Matrix e-Learning is a premier learning app for IIT & NEET, NTSE, KVPY, Olympiads, other scholarship exams and Board and School Exams preparation for CBSE and RBSE students of Class 5 to 12.

Thousands of students have benefitted from Matrix Learning System and are studying at prestigious Colleges and Universities of India like IITs, NITs, BITS and other GFTIs with very high selection ratio – probably one of the highest across the country!

Matrix Online Highlights

Recorded Video Classes

High quality recorded video lectures help in reducing eye stain due to long study hours.

Interactive Live Classes

During live classes students can raise and clear their doubts. These high quality Live classes are similar to offline classes.

Online Assignments

Regular assignments are given to the students, which they are to submit in a given time.

Doubt Discussions

Students can post their doubts by text, sharing an image, document or audio, the doubts are resolved instantly.

Online Assessments.

Online assessments help the students to have a detailed analysis. So that students can plan and prepare accordingly.

Adaptive Learning

Students are treated as per their need.

Detailed personalized analytics

High quality recorded video lectures help in reducing eye stain due to long study hours.

Ready-to-use Question Banks

High quality recorded video lectures help in reducing eye stain due to long study hours.

Taught by experienced MATRIX experts from top IITs, IIMs & other prestigious universities.

With day-wise micro planning, our digital courses almost feel like classroom programs

High quality Test series with advanced analytics and reports for performance improvement

Integrated with our sessions on mentorship, personal attention and motivation to bring the best out of you

Q. 20

Consider a binary star system of star A and star B with masses m_A and m_B and revolving in a circular orbit of radii r_A and r_B , respectively. If T_A and T_B are the time period of star A and star B respectively, then :

$$(1) \frac{T_A}{T_B} = \left(\frac{r_A}{r_B} \right)^{\frac{3}{2}}$$

$$(2) T_A > T_B \text{ (if } r_A > r_B \text{)}$$

$$(3) T_A = T_B$$

High Quality Digital Learning At MATRIX

Matrix digital learning support system has highly curated playlists of video lectures at chapter and concept level. Additionally it also has video solutions for the entire set of problems in all the modules and DPPs which help students if they face constant issues with specific topics and questions.

Students can access the material both on their study app as well as inside the MATRIX premise in MATLABs

Matrix E-learning App

- Matrix E-learning App is a revolution in school and coaching education.

INTRODUCING MATRIX FOUNDATION

Foundation program for 5th to 10th students

"Simply the best gift your child can get"

"Infinite potential to change the academic learning trajectory of your child in just 2 years!"

Why Foundation program ?

Because if you are interested in a great academic career for your children, you need to know below facts

01

As per the experts, more than 90 out of top-100 students in JEE Advanced or NEET are usually those students who had enrolled in some kind of foundation programs. Sometimes as early as class V!

02

In India competition is increasing every year. In 2024, almost 15 lakh students enrolled for JEE Main and around 23 Lakh students in NEET. Out of these 48,00,000 students, only 25000 students (1 out of every 190 students) will get a seat either in reputed IITs or in Top Government Medical Colleges.

“It has become a reality in our country that if you want to achieve the best, you have to start early.”

WHAT IS OFFERED IN FOUNDATION PROGRAM?

The Pre-foundation program is primarily designed solely for students who are aiming to attain a high rank in the relevant competitive examinations. While a gifted student can achieve the goal of attaining a top rank in competitive examination with the help of focused preparation in only class 11th and 12th. However, for an otherwise bright but not outrightly gifted student, just 2 years preparation may not be enough to score top ranks. But same student, if supported by systematic preparation for 4 years (class 9th to 12th) can almost achieve similar level of success in competitive exam.

The primary goal of the program is focused towards providing students an effortless development from school and board exams level to competitive level of study and preparation with optimal speed. The Entire module is properly structured and extremely detail oriented by taking care of the smallest level of details and leaving no scope for uncertainty.

How Pre-foundation program is a superior option in comparison to regular school programs ?

	Regular School programs	MATRIX EDGE
Learning options	Learning is limited to textbooks prescribed by the school	Textbook are just the starting point of learning. Learning is supplemented by Matrix's own study material which is carefully designed to raise student's mental level in a stepwise manner.
Evaluation And Testing	Home study by students is limited to textbook and end of the chapter problems. Most of the questions in class tests, half yearly and annual exams are directly asked from chapter end problems and class notes.	At Matrix edge, students are continuously tested with new problems in periodic tests. This helps students become comfortable with competitive exams where new questions are asked.
Thinking process and outlook	Regular schools mostly focus on class ranking and board exam marks	Primary focus of Matrix Edge is to prepare students for competitive exams such as NTSE and IJSO along with school/board exam preparation. This preparation changes student's thinking process and makes it more aligned with the competitive outlook which helps students greatly when they face competitions.

Results speak for themselves!

Our foundation students have topped the entire country
in the most difficult examination at national level in general category
